National Insurance and Social Security (NIS) — Barbados | Cap. 47

Claim for Unemployment Benefit

Form Specification | Service Pattern Analysis | Form U1 & U2 Combined (Revised June 1992)

⚑ HYBRID FORM NOTICE: This form (U1 & U2 Combined) is completed JOINTLY by the NIS interviewing officer (Sections A, B, C, G) and the applicant (signature / declaration). It is not a pure self-service form. The digital service must support two distinct user roles: (1) APPLICANT — fills in their personal details and employment history, then signs; (2) NIS OFFICER — completes eligibility assessment and official use fields during an in-person or virtual interview. This is the first officer-assisted form in this series.

Form Metadata

Attribute	Detail
Form Name	Claim for Unemployment Benefit
Form Code	Form U1 & U2 Combined — Revised June 1992
MDA	National Insurance and Social Security (NIS) — Barbados
Legal Basis	National Insurance and Social Security Act, Cap. 47
Purpose	Allows an unemployed person to claim NIS Unemployment Benefit. Must be submitted with the Termination of Services / Layoff Certificate (UNU32015). Sections A, B, C, and G are completed by the NIS interviewing officer during the interview.
Completed By	APPLICANT (personal details, declaration) + NIS OFFICER (eligibility assessment, official fields)
Prerequisite	Applicant must have a completed Termination of Services / Layoff Certificate (UNU32015) issued by their last employer
Complexity	Medium
Estimated Time	~15–20 minutes (applicant pre-fills; officer completes remaining sections during interview)
Total Fields	~32 distinct fields across 6 sections plus a declaration
Flow Type	Single-page paper form — to be digitised as a two-phase Multi-Step Wizard: (1) Applicant self-service phase; (2) Officer interview phase
Date Analyzed	March 16, 2026
Analyzed By	Claude (Anthropic)

ℹ This form pairs directly with the Termination of Services / Layoff Certificate (previous form in this series). The claimant submits both together. The digital service should link the two forms — ideally pre-populating matching fields (NIN, NRN, employer details, employment dates) from the previously issued termination certificate.

Service Pattern Pages: Applicability Check

The following pages from the Build-Ready Service Pattern Template apply to this form:

☑ 1. Start Page — REQUIRED (absent from paper form; two versions needed: applicant-facing and officer-facing)
☑ 2. Eligibility Page — REQUIRED ✓ (Section B: six binary eligibility checks conducted by officer during interview)
☑ 3. Applicant Details Page — REQUIRED ✓ (Section A: NIN, NRN, Name, Address, Telephone — standard blocks)
☑ 4. Criteria & Entitlement Page — REQUIRED ✓ (Section B eligibility questions + NIS contribution history check)
☑ 5. Employment History Page — REQUIRED ✓ (Section C: last employer details, dates, payment in lieu — Employment History Block — 2nd occurrence)
☑ 6. Evidence-Based Questions Page — REQUIRED ✓ (Section G: other employment in last 52 weeks — looping block)
☑ 7. Check Your Answers Page — REQUIRED (absent from paper form; must be added for applicant review before officer interview)
☑ 8. Payment & Submit Page — No Payment version ✓ (Declaration + Claimant Signature)
☑ 9. Confirmation & Next Steps Page — REQUIRED (absent from paper form; must be created)

⚠ Sections A, B, C, and G are marked 'to be COMPLETED by Officer of UNEMPLOYMENT SECTION while interviewing APPLICANT'. In the digital service, these sections should be pre-filled by the applicant and then verified/confirmed by the officer during the interview session. The officer should have an admin view to review, annotate, and finalise the claim.

PAGE 1 — START PAGE (Two Versions: Applicant-Facing + Officer-Facing)

Purpose: Sets expectations, explains the claim process, and lists what the applicant needs. A separate officer-facing view provides the interview workflow context.

Applicant-Facing Start Page

Element	Recommended Content
Form Title (H1)	Claim Unemployment Benefit from NIS
Last Updated	Last updated on [publication date]
Service Description	Use this service to apply for Unemployment Benefit from the National Insurance and Social Security (NIS). You must have become unemployed through no fault of your own and have made sufficient NIS contributions as an employed person in the 52 weeks before becoming unemployed.
Prerequisite Notice	Before you start, you must have a Termination of Services / Layoff Certificate issued by your last employer. You cannot claim without this certificate. If you have not received it, contact your employer.
Complete in One Go	You should complete your application in one go. At the moment, it is not possible to save your answers and come back to them later.

Element	Recommended Content
How long does it take?	It shouldn't take longer than 15–20 minutes to complete the online form. You will then be contacted to schedule an interview with an NIS officer who will finalise your claim.
What you will need	• Your Termination of Services / Layoff Certificate (from your employer)• Your National Insurance Number• Your National Registration Number• Your last employer's name and address• Dates: when you started work, your last day of work, last day for which you were paid• Details of any payment in lieu of notice or vacation pay received• Details of all employment in the last 52 weeks
What happens after?	An NIS officer will review your application and contact you to schedule an eligibility interview. Your benefit will be assessed based on your NIS contribution record and the circumstances of your unemployment.
Start Button	"Start now" — green primary button

PAGE 2 — APPLICANT DETAILS (Paper Form: Section A — Standard Blocks)

ℹ Section A is the applicant's personal identification section. It maps directly to the standard Name Block, Personal Details Block, Address Block, and Contact Block used across the NIS form series. In the digital service, the applicant completes this section themselves before the officer interview.

Block A — Name Block ☑ Applies (Standard split — Surname + Other Names)

Field Name	Component	Label / Help Text	Required	Validation
Surname (Last Name)	Text Input	Label: "Surname"Note: Paper form uses 'Applicant's Surname' + 'Other Names' — digital should split into standard First / Middle / Last per the Name Block	Yes	Max 100 chars
First Name	Text Input	Label: "First Name"	Yes	Max 100 chars
Middle Name(s)	Text Input	Label: "Middle Name(s)"Help: "Optional."	No	Max 200 chars

⚠ The paper form uses 'Applicant's Surname' and 'Other Names' (a single field for all non-surname names). The digital service should apply the standard Name Block split: First Name / Middle Name(s) / Last Name. This is consistent with all previous forms in this series.

Block B — Personal Details Block ☑ Applies

Field Name	Component	Label / Help Text	Required	Validation
National Insurance Number	Text Input (ID)	Label: "National Insurance Number"Note: Paper form labels this 'Nat. Ins. No.' — displayed first, before	Yes	Numeric; verify exact length with NIS

Field Name	Component	Label / Help Text	Required	Validation
		NRNHelp: "Find this on your NIS card or payslip"		
National Registration Number	Text Input (ID)	Label: "National Registration Number"Note: Paper form labels this 'Nat. Reg. No.'Format: YYMMDD-XXXXHelp: "Find this on your National ID card"	Yes	Pattern: YYMMDD-XXXX

Block C — Address Block ☑ Applies (Barbados Address Block — 6th occurrence)

Field Name	Component	Label / Help Text	Required	Validation
Street Address	Text Input	Label: "Address"Note: Paper form has two unstructured address lines — apply standard Barbados Address Block	Yes	Max 200 chars
District	Text Input	Label: "District"Help: "Village or district name"	No	Max 100 chars
Parish	Dropdown Select	Label: "Parish"Options: All 11 Barbados parishes	Yes	Must select one
Postal Code	Text Input	Label: "Postal Code"Prefix: BB	No	Pattern: BB[0-9]{5}

ℹ Barbados Address Block — 6th confirmed occurrence, now spanning all individual citizen forms in this series. STANDARD BLOCK status deeply embedded across the NIS form suite.

Block D — Contact Block ☑ Applies (Telephone only)

Field Name	Component	Label / Help Text	Required	Validation / Notes
Telephone Number	Tel Input	Label: "Telephone Number"Note: Paper form has a single 'Tel:' field with no area code or cell distinction — digital should apply the standard Contact Block with Telephone + Cellular fieldsFormat: XXX-XXXX	Yes	Pattern: [0-9]{3}-[0-9]{4}; recommend adding Cellular field per standard Contact Block

⚠ The paper form only captures a single 'Tel:' field — the most minimal contact block seen in this series. The digital service should expand this to include Telephone + Cellular + Email, consistent with the standard Contact Block used on all other NIS forms in this series.

PAGE 3 — ELIGIBILITY ASSESSMENT (Paper Form: Section B — Officer-Completed During Interview)

🚩 OFFICER-LED SECTION: Section B is marked for completion by the NIS interviewing officer, not the applicant. In the digital service, the applicant should be shown these questions during their pre-interview self-service phase so answers can be reviewed, but the officer has the authority to verify and override responses during the interview. Each 'Yes' answer to questions 2–5 is a disqualifying indicator that affects benefit eligibility.

#	Eligibility Question	Component	Options	Required	Eligibility Impact
B 1	Are you claiming any other NI Benefit?	Radio + Conditional Text	No | Yes → Name of Benefit	Yes	If Yes: may affect eligibility or benefit amount. Capture: Name of Benefit (text field)
B 2	Are you receiving any other NI Benefit?	Radio + Conditional Text	No | Yes → Name of Benefit	Yes	If Yes: receiving concurrent benefits — may disqualify or reduce unemployment benefit. Capture: Name of Benefit (text field)
B 3	Are you doing any kind of work (including spare time work)?	Radio Buttons	No | Yes	Yes	If Yes: may disqualify — person not fully unemployed
B 4	Are you actively involved in business?	Radio Buttons	No | Yes	Yes	If Yes: may disqualify — self-employed or business active
B 5	Are you receiving a pension from your last employment?	Radio Buttons	No | Yes	Yes	If Yes: employer pension received — may affect benefit entitlement
B 6	Have you been contributing to NIS as an EMPLOYED person in the last 52 weeks before becoming UNEMPLOYED?	Radio Buttons	No | Yes	Yes	If No: may not meet contribution threshold — KEY eligibility criterion. This is the most critical question.

⚠ Question B6 (NIS contributions in last 52 weeks) is the primary contribution-based eligibility gate. If the answer is No, the applicant almost certainly does not qualify for Unemployment Benefit. The digital service should surface a clear eligibility warning at this point rather than allowing the applicant to complete the full form unnecessarily.

PAGE 4 — EMPLOYMENT HISTORY (Paper Form: Section C — Employment History Block — 2nd occurrence)

ℹ Employment History Block — 2nd confirmed occurrence (first seen in Termination Certificate UNU32015, now confirmed here on the claimant's own Unemployment Benefit claim). Fields are largely mirrored from the employer's perspective (Termination Certificate) to the employee's perspective (this form). This confirms the Employment History Block as a strong candidate for STANDARD BLOCK promotion.

Block E — Last Employer Details ☑ Applies (Employee perspective — mirrors Termination Certificate employer fields)

Field Name	Component	Label / Help Text	Required	Validation / Notes
Name of Last Employer	Text Input	Label: "Name of Last Employer"Note: Paper form has boxed cells for employer code alongside — the code should be an internal NIS lookup field, not shown to the applicantHelp: "Enter the full registered name of your last employer"	Yes	Max 200 chars; consider lookup/autocomplete from NIS employer registry
Address of Employer	Text Input	Label: "Address of Last Employer"Note: Paper form has a single address line + boxed cells — apply the Barbados Address Block for the employer address	Yes	Max 200 chars
Occupation at Last Employer	Text Input	Label: "Occupation / Job Title at Last Employer"Help: "Your job title or role at your last place of employment"	Yes	Max 200 chars

Block F — Employment Dates Block ☑ Applies (Employee perspective)

Field Name	Component	Label / Help Text	Required	Validation / Notes
Date employment commenced at last employer	Date Picker	Label: "I commenced work at the above employer on"Format: YYYY-MM-DD	Yes	Cannot be future date; must be before Last Day of Work
Last day for which paid by employer	Date Picker	Label: "The last day for which I was paid by employer"Format: YYYY-MM-DDHelp: "Including any payment in lieu of notice or vacation pay"	Yes	Must be ≥ Last Day of Work
Last day of work	Date Picker	Label: "My last day of work was"Format: YYYY-MM-DD	Yes	Cannot be future; must be ≤ Last Day Paid
Payment in lieu of notice / vacation pay (weeks)	Number Input	Label: "I was paid in lieu of notice / vacation pay (weeks)"Help: "Enter the number of weeks for which payment in lieu was made. Enter 0 if none."	No	Integer; 0 or positive; max reasonable (e.g., 52)
Payment in lieu — date paid from	Date Picker	Label: "Dates paid — From"Format: YYYY-MM-DDConditional: shown if weeks > 0	Conditional	Must be before 'To' date
Payment in lieu — date paid to	Date Picker	Label: "Dates paid — To"Format: YYYY-MM-DDConditional: shown if weeks > 0	Conditional	Must be after 'From' date

⚠ The paper form captures 'Dates paid from [Year MM DD] to [Year MM DD]' for payment in lieu / vacation pay. This date range should only appear when the 'weeks' field is greater than 0. The digital service should auto-calculate and display whether the claimant's payment in lieu period overlaps with any potential benefit start date.

PAGE 5 — REASON FOR UNEMPLOYMENT + OTHER EMPLOYMENT HISTORY (Paper Form: Section C end + Section G)

Block G — Reason for Unemployment ☑ Applies (Emerging Pattern — 2nd occurrence)

Field Name	Component	Label / Help Text	Required	Validation / Notes
Reason for becoming unemployed	Dropdown + Textarea	Label: "I have become UNEMPLOYED for the following reason"Suggested options: Redundancy / Layoff | Employer closed / ceased trading | Contract ended | Made redundant | Resigned | Dismissed / Terminated | Other (specify)Note: Paper form has a blank line for free text — a structured dropdown improves data quality and links to the Termination Certificate reasonHelp: "This should match the reason stated on your Termination of Services Certificate"	Yes	Must select option; free text required if 'Other'Consider auto-populating from Termination Certificate if linked

Block H — Other Employment in Last 52 Weeks ☑ Applies (Section G — Looping Block — 2nd occurrence)

ℹ LOOPING BLOCK: Section G captures details of ALL employment in the 52 weeks prior to unemployment. The paper form references this section but its full structure is implied rather than shown on page 1. In the digital service, this should be a repeatable entry block — one row per employer — similar to the Earnings & Contributions Grid from the D.P. 10, but for employment history rather than payroll data.

Column / Field	Component	Label / Help Text	Required	Validation / Notes
Employer Name	Text Input	Label: "Name of Employer"	Yes (per row)	Max 200 chars
Employer Address	Text Input	Label: "Address of Employer"	No (per row)	Max 200 chars
Date Employment Started	Date Picker	Label: "Date Employment Started"Forma	Yes (per row)	Must be within 52 weeks of

Column / Field	Component	Label / Help Text	Required	Validation / Notes
		t: YYYY-MM-DD		unemployment date
Date Employment Ended	Date Picker	Label: "Date Employment Ended"Format: YYYY-MM-DD	Yes (per row)	Must be after Start date; must be ≤ unemployment date
Occupation	Text Input	Label: "Occupation / Job Title"	Yes (per row)	Max 200 chars
Reason for Leaving	Dropdown	Label: "Reason for Leaving"Options: Redundancy | Contract ended | Resigned | Dismissed | Other (specify)	Yes (per row)	Must select one

Grid Control	Behaviour
Pre-populated row	First row should be pre-populated from Section C (last employer details) for consistency
Add Row	'+ Add another employer' — up to a reasonable maximum (e.g., 10 employers)
Remove Row	'× Remove' on each row except the first (pre-populated last employer row should be locked)
52-Week Validation	Date ranges entered must fall within the 52 weeks prior to the unemployment date — show warning if any dates fall outside this window

OFFICER-ONLY FIELDS (Paper Form: 'Official Use Only' Box — Internal Admin)

ℹ These fields are completed by NIS staff only and must not be visible or editable by the applicant in the public-facing digital service. They should appear in a separate officer/admin view during or after the interview.

Field Name	Component	Who Completes	Notes
Claim Number	Text Input (auto-generated or officer-entered)	NIS Officer	System-assigned reference number; shown on Confirmation page to applicant as their reference

Field Name	Component	Who Completes	Notes
Date Received	Date (auto or officer-confirmed)	NIS Officer	Date the claim was received by NIS; auto-fill with submission date; officer can override
Interviewer	Text Input or Officer ID dropdown	NIS Officer	Name or ID of the NIS officer conducting the interview

PAGE 6 — CHECK YOUR ANSWERS (To Be Created — Pre-Interview Review)

Purpose: Shows the applicant a summary of all entries before they submit their pre-interview application. Gives the NIS officer a consolidated view for the eligibility interview.

Sections to display on Check Your Answers:

- Personal Details (NIN, NRN, Name, Address, Telephone)
- Eligibility Responses (Section B — 6 questions with applicant's answers, flagging any 'Yes' responses for officer attention)
- Last Employer Details (Name, Address, Occupation)
- Employment Dates (commenced, last day of work, last day paid, payment in lieu details)
- Reason for Unemployment
- All Employment in Last 52 Weeks (Section G summary table)

⚠ The Check Your Answers page serves a dual purpose: (1) applicant review before submission; (2) officer briefing document for the interview. Consider generating a printable/downloadable pre-interview summary for the officer from this page.

PAGE 7 — PAYMENT & SUBMIT (No Payment — Declaration with Legal Warning)

Element	Detail
Payment Required?	No — this claim is submitted without charge
Declaration Statement	"I certify that the information given in this claim is true to the best of my knowledge and belief, and I will NOT receive benefit in respect of a period during which I was at work."
Legal Warning	"WARNING: THE GIVING OF FALSE INFORMATION MAY RESULT IN PROSECUTION."Must be displayed prominently before the signature — consistent with the Termination Certificate legal warning pattern.
Claimant Signature	Digital Signature Pad (canvas-based) with Clear buttonLabelled: 'Signature of Claimant'
Date	Auto-filled with submission date (read-only)
Submit Button Text	"Submit Claim"

Element	Detail
Post-Submit Notice	After submission: 'Your claim has been received. An NIS officer will contact you to schedule your eligibility interview. You must attend this interview for your claim to be processed.'

PAGE 8 — CONFIRMATION & NEXT STEPS (To Be Created for Digital Service)

Element	Recommended Content
Success Message	"Your Claim for Unemployment Benefit has been successfully submitted to NIS."
Reference Number	UB-[YEAR][MM]-XXXXXXXX (e.g., UB-202603-00001234)
Next Steps	1. An NIS officer will review your application and contact you to schedule an eligibility interview.2. You must attend the interview with your Termination of Services / Layoff Certificate and original ID documents.3. If approved, your benefit payments will begin from the date of your eligibility.
Interview Requirement	"You MUST attend your eligibility interview for your claim to be processed. Failure to attend will result in your claim being withdrawn."
What to Bring	• Original Termination of Services / Layoff Certificate (from your employer)• National ID card• NIS card or payslip showing your National Insurance Number• Any other relevant documents (e.g., letters from your employer)
Expected Timeline	"You will be contacted within [X] working days to schedule your interview. Benefit payments, if approved, will be calculated from your date of eligibility."
Contact Information	NIS — National Insurance and Social Security(246) 431-7400 | (246) 467-4NIScustomer.service@bginis.gov.bbFrank Walcott Building, Culloden Road, St. Michael, Barbados

CONDITIONAL LOGIC

Condition (IF)	Action (THEN)	Section
IF B6 (NIS contributions in last 52 weeks) = No	THEN show eligibility warning: 'You may not meet the contribution requirement for Unemployment Benefit. An NIS officer will assess your eligibility during your interview.'	B
IF B3 (doing any work) = Yes	THEN flag for officer review: applicant may not be fully unemployed	B
IF B4 (actively involved in business) = Yes	THEN flag for officer review: applicant may be self-employed	B
IF B1 or B2 (claiming/receiving other NI benefit) = Yes	THEN show text field: 'Name of Benefit'. Officer to assess whether	B

Condition (IF)	Action (THEN)	Section
	concurrent benefits affect eligibility.	
IF Payment in lieu weeks > 0	THEN show: 'Dates paid — From' and 'Dates paid — To' date fields	C
IF Reason for unemployment = 'Other'	THEN show free-text field: 'Please specify reason'	C
IF employment row date range falls outside 52-week window	THEN show validation warning: 'This employment falls outside the 52-week period. Please confirm the dates are correct.'	G
IF Termination Certificate is linked digitally	THEN pre-populate: NIN, NRN, last employer name, address, occupation, employment dates from the Termination Certificate	A/C

CROSS-FORM LINKAGE (New Pattern — 1st occurrence)

⚑ NEW PATTERN: Cross-Form Pre-Population. This form (Unemployment Benefit Claim) is the direct downstream consumer of the Termination of Services / Layoff Certificate (UNU32015). Multiple fields are identical across both forms. The digital service should implement a cross-form linkage where the applicant can enter their Termination Certificate reference number to auto-populate matching fields, reducing duplication and error.

Field on Unemployment Claim	Source Field on Termination Certificate	Auto-Populate?
National Insurance Number (claimant)	National Insurance Number (employee)	Yes — if certificate is digitally linked
National Registration Number (claimant)	National Registration Number (employee)	Yes — if certificate is digitally linked
Name of Last Employer	Name of Employer (Section 2)	Yes
Address of Employer	Employer Address (Section 2)	Yes
Occupation at Last Employer	Occupation (Section 3)	Yes
Date employment commenced	Date employment commenced (Section 3)	Yes
Last day of work	Last day at work (Section 3)	Yes
Last day for which paid	Last day for which employee will be paid (Section 3)	Yes
Payment in lieu weeks/dates	Holiday pay / payment in lieu (Section 3)	Yes
Reason for unemployment	Termination type / other details (Sections 3 & 4)	Partial — officer to confirm

EMERGING PATTERNS & REUSABLE BLOCKS | Cumulative Series Status

Pattern 1 — Barbados Address Block [STANDARD BLOCK — 6th occurrence]

☑ **6th occurrence across all 6 forms analysed. Present in every citizen-facing and employer-facing form. Applies to residential addresses, employer business addresses, and employee addresses. STANDARD BLOCK — fully embedded.**

Pattern 2 — Employer Identity Block [3rd occurrence — PROMOTED TO STANDARD]

☑ **3rd confirmed occurrence: D.P. 10, Termination Certificate, and now the Unemployment Benefit Claim (as 'Last Employer'). STANDARD BLOCK threshold reached — Employer Registration Number + Business Name should be promoted to the standard template.**

Pattern 3 — Employment History Block [2nd occurrence — approaching STANDARD]

☑ **2nd confirmed occurrence: Termination Certificate (Section 3) and Unemployment Benefit Claim (Section C). Fields mirror each other across employer and employee perspectives. One more form confirms STANDARD BLOCK status.**

Pattern 4 — 52-Week Employment Looping Block [New — 1st occurrence]

A repeatable entry block for listing all employment in the 52 weeks prior to a benefit claim event. Each row captures: Employer Name, Address, Dates (start + end), Occupation, Reason for Leaving. Likely to recur on other NIS benefit claim forms where employment history is a contribution eligibility criterion (Sickness Benefit, Maternity Benefit, Invalidity Benefit).

Pattern 5 — NIS Contribution History Gate [New — 1st occurrence as explicit question]

Question B6 — 'Have you been contributing to NIS as an EMPLOYED person in the last 52 weeks?' — is the key contribution-based eligibility gate for Unemployment Benefit. A version of this gate is likely to appear on all NIS benefit claim forms. Should be standardised as a Contribution Eligibility Gate block.

Pattern 6 — Officer-Assisted Hybrid Form [New — 1st occurrence]

Sections A, B, C, and G are designated for completion by the NIS interviewing officer during the applicant interview. This officer-assisted model requires a two-phase digital workflow: (1) applicant self-service pre-fill; (2) officer review and completion during interview. The officer-only fields (Claim Number, Date Received, Interviewer) must be hidden from the applicant view. This pattern may recur on other NIS benefit claim forms.

Pattern 7 — Cross-Form Pre-Population [New — 1st occurrence]

Fields on this form directly mirror fields on the Termination of Services Certificate. The digital service should allow the applicant to link their Termination Certificate reference number to auto-populate 10 matching fields. This pattern will recur wherever a benefit claim form is the downstream consumer of an employer-issued certificate.

DECLARATION BLOCK

Field Name	Component	Label / Help Text	Required	Validation
Declaration Statement	Static Text	"I certify that the information given in this claim is true to	—	—

Field Name	Component	Label / Help Text	Required	Validation
		the best of my knowledge and belief, and I will NOT receive benefit in respect of a period during which I was at work."		
Legal Warning	Static Text (prominent)	"WARNING: THE GIVING OF FALSE INFORMATION MAY RESULT IN PROSECUTION."	—	Must be displayed prominently above signature
Claimant Signature	Digital Signature Pad	Label: "Signature of Claimant"With: 'Clear Signature' button	Yes	Must not be empty
Date	Date (auto)	Label: "Date"Auto-filled with submission date	Auto	Read-only
Submit Button	Button (Primary)	"Submit Claim"	—	—

FORM COMPLEXITY ASSESSMENT

Complexity Signal	Present?
Single applicant (no looping blocks)	☐ No — Section G is a looping block (all employment in last 52 weeks)
Looping blocks	☑ Yes — Section G: repeatable 52-week employment history block
Conditional logic (IF/THEN rules)	☑ Yes — 8 rules (eligibility flags, payment in lieu, reason other, date validation, cross-form pre-population)
Branching by applicant type	☐ No — single applicant type
File uploads required	☐ No — Termination Certificate submitted separately; consider allowing upload as supporting document
Payment integration	☐ No
Officer-assisted hybrid workflow	☑ Yes — Sections A, B, C, G designated for officer completion during interview — new dual-role workflow pattern
Cross-form pre-population from prior form	☑ Yes — 10 fields can be pre-populated from Termination Certificate if digitally linked
52-week date window validation	☑ Yes — all employment dates must fall within 52 weeks prior to unemployment date
Auto-calculated fields	☐ No (beyond date validation)
Legal prosecution warning	☑ Yes — declaration includes prosecution warning consistent with Termination Certificate

Overall Complexity: MEDIUM — ~32 fields, 8 conditional rules, 1 looping block (52-week employment history), officer-assisted hybrid workflow, and cross-form pre-population opportunity with the Termination Certificate. Complexity uplift: dual-role form design (applicant + officer); 52-week contribution history validation.

Notes & Edge Cases

1. This form is a direct pair with the Termination of Services / Layoff Certificate (UNU32015). The digital service should treat these as a linked pair — the claimant's journey starts with the employer issuing the certificate and ends with the claimant submitting this benefit claim. A unified NIS digital service flow could guide the claimant from receiving their certificate to submitting their claim in one seamless process.

2. The paper form notes 'Details of other employment in the last 52 weeks are at Sec. G' — confirming Section G is on a separate part of the form not shown in the provided PDF. The digital service must implement the full Section G looping employment history block as described above.

3. The paper form is 'Form U1 & U2 Combined (Revised June 1992)' — it is over 30 years old. The digital redesign is an opportunity to modernise significantly: structured dropdowns, date pickers, auto-calculation, real-time eligibility assessment, and cross-form pre-population replace what was a manually completed paper form.

4. The eligibility questions in Section B (especially B6 — NIS contributions in last 52 weeks) should be validated against NIS's internal contribution records in real time where possible. If the NIS system can confirm contributions without the officer needing to manually check, the digital service should surface this automatically.

5. 'Payment in lieu of notice / vacation pay' affects the Unemployment Benefit start date — the benefit cannot begin until the payment-in-lieu period ends. The digital service should calculate and display the earliest eligible benefit start date based on the payment-in-lieu period entered.

6. The form includes the instruction that the applicant will 'NOT receive benefit in respect of a period during which I was at work' — this anti-fraud declaration is critical. The digital service should surface a clear explanation of what this means before the applicant signs, to ensure informed consent.
