National Insurance and Social Security (NIS) — Barbados

National Insurance Contributions Certificate | D.P. 10

Form Specification | Service Pattern Analysis

⚑ FORM TYPE NOTICE: The DP-10 is an EMPLOYER-SUBMITTED payroll contributions schedule — NOT a citizen self-service form. It is completed by an employer or their authorised agent, not an individual claimant. The service pattern must be adapted accordingly: 'Applicant Details' becomes 'Employer Details', and the core data entry is a repeatable earnings grid — a looping tabular block with calculated totals. This is the most structurally distinct form analysed so far.

Form Metadata

Attribute	Detail
Form Name	National Insurance Contributions Certificate
Form Code	D.P. 10
MDA	National Insurance and Social Security (NIS) — Barbados
Purpose	Employer monthly declaration of insurable earnings and NIS contributions payable for all employees. Must be completed for each month in which contributions are due. Accompanied by payment by the 15th of the following month.
Submitted By	Employer or authorised agent (NOT the individual employee or claimant)
Legal Basis	National Insurance and Social Security Act, Cap. 47. Failure to pay contributions and levies in the required time is a punishable offence. Late payment incurs interest at 1% per month or $20.00, whichever is greater.
Complexity	Medium
Estimated Time	~10–20 minutes (depends on number of employee earnings types)
Total Fields	~18 distinct field types across 4 sections; Section D is a repeatable grid with up to 6 rows (expandable)
Flow Type	Single-page paper form — to be digitised as a Multi-Step Wizard with a looping tabular entry block
Date Analyzed	March 16, 2026
Analyzed By	Claude (Anthropic)

ℹ This form is submitted monthly by employers. A digital service should support: (a) pre-population of employer registration details from a prior session or employer account, (b) import of payroll data from a file or prior submission, and (c) auto-calculation of totals, contributions payable, and discrepancy adjustments.

Service Pattern Pages: Applicability Check

The following pages from the Build-Ready Service Pattern Template apply to this form:

☑ 1. Start Page — REQUIRED (absent from paper form; must be created for digital service)
☐ 2. Eligibility Page — Not applicable as a standalone page; employer must have a valid NIS registration number (validated at login or on Start Page)
☑ 3. Employer Details Page — REQUIRED ✓ (replaces standard 'Applicant Details' — Employer Reg. No., Business Name, Business Address)
☑ 4. Contributions Period Page — REQUIRED ✓ (replaces 'Criteria & Entitlement' — Year and Month selection for the contribution period)
☑ 5. Earnings & Contributions Entry Page — REQUIRED ✓ (replaces 'Evidence-Based Questions' — repeatable looping grid: Earnings Type, No. of Employees, Insurable Earnings, Rate, Contributions Payable)
☑ 6. Discrepancies & Total Page — REQUIRED ✓ (no equivalent in standard template — unique to payroll forms: overpayment deduction, shortpayment addition, total amount payable)
☑ 7. Check Your Answers Page — REQUIRED (absent from paper form; must be added)
☑ 8. Payment & Submit Page — Payment Required version ✓ (contributions payment due by 15th of following month)
☑ 9. Confirmation & Next Steps Page — REQUIRED (absent from paper form; must be created)

⚠ The standard 9-page template does not have a direct equivalent for the Earnings Grid (Section D) or the Discrepancies block (Section E). These are new patterns specific to employer payroll submission forms. The standard template pages 3–5 are effectively replaced by employer-specific pages 4–6 above.

PAGE 1 — START PAGE (To Be Created for Digital Service)

Purpose: Sets expectations for the employer, lists what they need, and explains the legal obligations and deadlines.

Element	Recommended Content
Form Title (H1)	Submit Your Monthly National Insurance Contributions Certificate (D.P. 10)
Last Updated	Last updated on [publication date]
Service Description	Use this service to submit your employer National Insurance contributions certificate (D.P. 10) for each month in which contributions are due. You must complete a separate certificate for each contribution month.
Legal Notice	Contributions and levies MUST be paid by the 15th of the month following the month for which they are due. Failure to pay contributions and levies in the required time is an offence punishable under the National Insurance and Social Security Act (Cap. 47). Late payment incurs interest at the rate of 1% per month, or $20.00, whichever is the greater.
Complete in One Go	You should complete your submission in one go. At the moment, it is not possible to save your answers and come back to them later.
How long does it take?	It shouldn't take longer than 10–20 minutes, depending on the number of earnings types you need to declare.
What you will need	• Your Employer's Registration Number• Your business name and address• The contribution period (year and month)• For each earnings type: the

Element	Recommended Content
	number of employees, total insurable earnings, and applicable NIS rate• Any previous overpayment or shortpayment amounts to adjust against this month's total
What happens after?	Your contributions certificate will be recorded by NIS. You must arrange payment of the total amount payable by the 15th of the following month. A reference number will be issued for your records.
Start Button	"Start now" — green primary button

PAGE 2 — EMPLOYER DETAILS (Paper Form: Sections A & B — Replaces Standard Applicant Details)

Purpose: Identifies the employer submitting the certificate. These fields map to existing standard blocks adapted for an employer (business) context rather than an individual applicant.

> ⚑ Adaptation note: This form is submitted by an employer, not an individual. 'Applicant Details' becomes 'Employer Details'. The Name Block and Personal Details Block are replaced by the Employer Identity Block and Business Address Block. No personal ID numbers (NRN, NIN, TAMIS) are collected at this level — they belong to the employee records, not this form.

Block A — Employer Identity Block ☑ Applies (Employer-Context Adaptation of Name + Personal Details Blocks)

Field Name	Component	Label / Help Text	Required	Validation / Notes
Employer's Registration Number	Text Input (ID)	Label: "Employer's Registration Number"Format: As assigned by NIS (paper shows a segmented box: XX-XXXX)Help: "Find this on your NIS employer registration certificate or prior D.P. 10 submissions"Note: Field A on the paper form. This is the primary employer identifier — equivalent to NIN/NRN for individuals.	Yes	Pattern: to be confirmed with NISCould be pre-populated if employer is logged in to an NIS digital account
Employer's Business Name	Text Input	Label: "Employer's Business Name"Help: "Enter the registered trading name of your business"Note: Field B on the paper form.	Yes	Max 200 chars

Block B — Business Address Block ☑ Applies (Employer-Context Barbados Address Block — 4th occurrence)

Field Name	Component	Label / Help Text	Required	Validation / Notes
Street Address (Line 1)	Text Input	Label: "Business Address"Note: Paper form has two unstructured address lines — digital should apply the Barbados Address Block	Yes	Max 200 chars
Street Address (Line 2)	Text Input	Label: "Business Address (Line 2)"Help: "Optional second line"	No	Max 200 chars
District	Text Input	Label: "District"Help: "Village or district name"	No	Max 100 chars
Parish	Dropdown Select	Label: "Parish"Options: Christ Church | Saint Andrew | Saint George | Saint James | Saint John | Saint Joseph | Saint Lucy | Saint Michael | Saint Peter | Saint Philip | Saint Thomas	Yes	Must select one

ℹ Barbados Address Block — 4th confirmed occurrence (NIS Self-Employment, Central Bank Pensioner Declaration, NIS Direct Deposit, and now this form). STANDARD BLOCK status confirmed. Note: this instance applies to a business address rather than a residential address — the same block structure applies.

PAGE 3 — CONTRIBUTIONS PERIOD (Paper Form: Section C — Replaces Criteria & Entitlement)

Purpose: Identifies the specific month and year for which contributions are being declared. A separate D.P. 10 must be submitted for each contribution month.

Field Name	Component	Label / Help Text	Required	Validation / Notes
Contribution Year	Dropdown or Number Input	Label: "Contribution Year"Help: "The year for which contributions are being paid"Placeholder: "e.g., 2026"	Yes	4-digit year; must not be a future year; reasonable range: current year ± 2
Contribution Month	Dropdown Select	Label: "Contribution Month"Options: January | February | March | April | May | June | July | August | September | October | November | DecemberHelp: "The month for which contributions are being paid. Contributions are due by the 15th of the following month."	Yes	Must select one; warn if month is more than 3 months in the past (potential late payment)

⚠ The paper form (Section C) labels this 'Contributions Period' with YEAR and MONTH columns. The digital service should additionally auto-display the payment due date (15th of the following month) based on the selected period, and flag whether the submission is late.

PAGE 4 — EARNINGS & CONTRIBUTIONS ENTRY (Paper Form: Section D — New Looping Pattern)

🚩 NEW PATTERN: Earnings & Contributions Grid Block — a repeatable looping table where each row represents a distinct earnings type. The paper form has 6 fixed rows plus a TOTAL row. The digital service should support dynamic row addition (up to a reasonable maximum) with auto-calculated totals. This is the core data entry block of the form and has no equivalent in the standard template.

Purpose: Captures insurable earnings and NIS contributions payable broken down by earnings type. Each row is one earnings category. The total insurable earnings and contributions payable are auto-calculated from the rows.

Section D — Earnings & Contributions Grid Block ☑ Applies (Looping — 1 to 6+ rows)

Column / Field	Component	Label / Help Text	Required	Validation / Calculation Notes
Row Number	Auto-assigned	Label: "No."Auto-incremented 1–6+ per row added	Auto	Read-only; auto-assigned
Earnings Type	Dropdown + Other	Label: "Earnings Type"Options: Regular/Ordinary | Overtime | Commission | Bonus | Holiday Pay | Sick Pay | Other (specify)Help: "Select the category of earnings for this group of employees"Note: Paper form leaves this as a free-text field — a Dropdown + Other is recommended for digital to improve data quality	Yes (per row)	Must select or enter if row is used; free-text if 'Other' selected
Number of Employees	Number Input	Label: "No. of Employees"Help: "The number of employees who received this type of earnings in the contribution month"	Yes (per row)	Integer; min 1; max reasonable (e.g., 9,999)
Insurable Earnings ($)	Currency Input	Label: "Insurable Earnings ($)"Help: "Total insurable earnings for all employees in this earnings type. Enter in dollars and cents."Note: Subject to NIS insurable earnings ceiling — validate against current ceiling	Yes (per row)	Currency (BBD); 2 decimal places; positive; validate against current earnings ceiling per employee × No. of Employees

Column / Field	Component	Label / Help Text	Required	Validation / Calculation Notes
Rate (%)	Percentage Input or Read-Only	Label: "Rate (%)"Help: "The NIS contribution rate applicable to this earnings type. Refer to current NIS contribution rates."Note: Consider pre-populating from NIS rate table and making read-only; allow override for edge cases	Yes (per row)	Decimal %; typically auto-populated from NIS rate schedule; 2 decimal places
Contributions Payable ($)	Calculated Field	Label: "Contributions Payable ($)"Help: "Auto-calculated: Insurable Earnings × Rate ÷ 100"Note: Paper form splits this into $ and ¢ columns — digital should use a single currency field	Auto-calculated	Formula: Insurable Earnings × (Rate / 100)Display: BBD currency, 2 decimal placesRead-only; calculated from row inputs

Grid Control	Behaviour
Add Row	Button: '+ Add Earnings Type'Adds a new blank row; up to a maximum of [e.g., 20] rows
Remove Row	Button: '× Remove' on each row (except the first)Removes the row and recalculates totals
TOTAL Row	Auto-calculated read-only row at the bottom of the gridTotal No. of Employees = sum of all rowsTotal Insurable Earnings = sum of all rowsTotal Contributions Payable = sum of all rows
Import	Optional: 'Import from payroll file' button — CSV/XLSX upload to pre-populate the gridThis is a recommended enhancement for the digital service

⚠ The paper form has 6 fixed rows. The digital service should support dynamic row addition. If an employer has more than 6 earnings types, the paper form has no overflow mechanism — the digital service should handle this gracefully.

PAGE 5 — DISCREPANCIES & TOTAL AMOUNT PAYABLE (Paper Form: Section E — New Pattern)

🚩 NEW PATTERN: Discrepancies & Payment Adjustment Block — adjusts the total contributions payable by subtracting any previous overpayment or adding any previous shortpayment. This block is specific to recurring monthly submission forms where prior period corrections carry forward. It has no equivalent in the standard template.

Field Name	Component	Label / Help Text	Required	Validation / Calculation Notes
Total Contributions Payable (from grid)	Calculated Field (read-only)	Label: "Total Contributions Payable"Auto-populated from the TOTAL row of Section D	Auto	Read-only; carried forward from Section D total

Field Name	Component	Label / Help Text	Required	Validation / Calculation Notes
Less Previous Overpayment	Currency Input	Label: "Less Previous Overpayment ($)"Help: "Enter any amount overpaid in a previous period that should be deducted from this month's payment. Leave blank or enter 0 if none."Note: Paper form labels this under 'DISCREPANCIES — Less Previous OVERPAYMENT'	No	Currency (BBD); 2 decimal places; 0 or positive; cannot exceed Total Contributions Payable
Add Previous Shortpayment	Currency Input	Label: "Add Previous Shortpayment ($)"Help: "Enter any amount underpaid in a previous period that should be added to this month's payment. Leave blank or enter 0 if none."Note: Paper form labels this under 'DISCREPANCIES — Add Previous SHORTPAYMENT'	No	Currency (BBD); 2 decimal places; 0 or positive
Total Amount Payable	Calculated Field (read-only)	Label: "Total Amount Payable ($)"Help: "Auto-calculated: Total Contributions Payable − Overpayment + Shortpayment"Note: This is the final amount the employer must remit to NIS by the 15th of the following month.	Auto	Formula: Total Contributions Payable − Overpayment + ShortpaymentMust be ≥ 0; display prominently; BBD currency 2 decimal places

⚠ The paper form labels this block 'E' and uses arrows (= = = >>) to indicate the calculation flow (Less Overpayment → Add Shortpayment → Total Amount Payable). The digital service should make this calculation logic explicit with live updating as the employer enters adjustment amounts.

PAGE 6 — CHECK YOUR ANSWERS (To Be Created for Digital Service)

Purpose: Shows the employer a summary of all entries before submission. Change links allow corrections to any section.

Sections to display on Check Your Answers:

- Employer Details (Registration Number, Business Name, Business Address)
- Contribution Period (Year, Month, Payment Due Date)
- Earnings & Contributions Summary (table of all rows + totals)
- Discrepancies (Previous Overpayment deducted, Previous Shortpayment added)
- Total Amount Payable (prominently displayed)

PAGE 7 — PAYMENT & SUBMIT (Payment Required Version)

Element	Detail
Payment Required?	Yes — contributions must be paid by the 15th of the following month
Payment Method	EZ Pay integration (or other NIS-approved payment method)Note: The paper form does not specify a payment method on the form itself — the digital service should integrate with NIS's payment gateway
Declaration Statement	"I declare that the above information is true and correct, and the above amounts accurately represent the Insurable Earnings of ALL employees."
Signatory Role	The paper form labels the signer as 'EMPLOYER'. The digital service should capture the name and role of the authorised signatory — this may be the employer, a director, or an authorised payroll agent.
Authorised Signatory Name	Text Input — Label: "Name of Authorised Signatory"Help: "The name of the person signing this declaration on behalf of the employer"
Signatory Role / Title	Text Input or Dropdown — Label: "Role / Title"Options: Owner | Director | Payroll Manager | Accountant | Authorised Agent | Other
Signature	Digital Signature Pad (canvas-based) with Clear buttonLabelled: 'Signature of Employer / Authorised Signatory'
Date	Auto-filled with submission date (read-only)
Submit Button Text	"Submit Certificate"
Late Submission Warning	If the contribution period is more than 1 month in the past: display a warning banner — 'This submission is for a past period. Late payment interest of 1% per month or $20.00 (whichever is greater) may apply.'

PAGE 8 — CONFIRMATION & NEXT STEPS (To Be Created for Digital Service)

Element	Recommended Content
Success Message	"Your D.P. 10 Contributions Certificate for [Month Year] has been successfully submitted to NIS."
Reference Number	DP10-[YEAR][MM]-XXXXXXXX (e.g., DP10-202603-00001234)
Total Amount Due	Display the Total Amount Payable prominently: "Total amount due: $[X,XXX.XX] BBD"
Payment Deadline	"Payment must be received by NIS by [15th of following month]. Late payment incurs interest at 1% per month or $20.00, whichever is greater."
Next Steps	Arrange payment of the total amount due through your bank or EZ Pay. Keep this reference number for your records. Submit a new D.P. 10 for each subsequent contribution month.
Download Option	Provide a downloadable PDF summary of the submitted certificate for the employer's records.
Contact Information	NIS — National Insurance and Social Security(246) 431-7400 | (246) 467-4NIScustomer.service@bginis.gov.bbFrank Walcott Building, Culloden Road, St. Michael, Barbados

CONDITIONAL LOGIC

Condition (IF)	Action (THEN)
IF Earnings Type = 'Other'	THEN show free-text field: 'Please specify earnings type'
IF Previous Overpayment > Total Contributions Payable	THEN show validation error: 'Overpayment cannot exceed total contributions payable'
IF Total Amount Payable = 0	THEN show notice: 'Your total amount payable is $0.00. Please confirm this is correct before submitting.'
IF Contribution Month is more than 1 period in the past	THEN show late payment warning with interest rate reminder
IF Contribution Year/Month = current or future	THEN show confirmation: 'You are submitting for [Month Year]. Confirm this is the correct period.'
IF Rate (%) field is manually overridden	THEN show warning: 'You have changed the standard NIS rate. Please confirm this is correct.'
IF row is added beyond the standard 6	THEN allow addition; log total row count for reporting

EMERGING PATTERNS & REUSABLE BLOCKS

Pattern 1 — Barbados Address Block [STANDARD BLOCK — 4th occurrence]

☑ **4th confirmed occurrence (NIS Self-Employment, Central Bank Pensioner Declaration, NIS Direct Deposit, NIS D.P. 10). Now confirmed for both residential and business address contexts. STANDARD BLOCK status remains confirmed.**

Pattern 2 — Employer Identity Block [New — 1st occurrence]

Employer Registration Number + Business Name — the employer-context equivalent of the individual Name + Personal Details blocks. Likely to recur on every NIS employer-facing form (earnings schedules, registration, NIS Inspector reports). Should be tracked for standardisation as a reusable Employer Identity Block.

Field Name	Component	Required	Notes
Employer's Registration Number	Text Input (ID)	Yes	Primary employer identifier — equivalent of NIN for individuals; can be pre-populated from employer login
Employer's Business Name	Text Input	Yes	Registered trading name; max 200 chars

Pattern 3 — Earnings & Contributions Grid Block [New — 1st occurrence]

A looping tabular data entry block where each row captures: Earnings Type, No. of Employees, Insurable Earnings, Rate (%), and auto-calculated Contributions Payable. Includes a TOTAL row. This pattern is specific to payroll and employer contribution forms. Likely to appear in earnings schedules, employer registration amendments, and contribution adjustment forms.

Column	Component	Calculated?
Row No.	Auto-assigned	Yes — read-only

Column	Component	Calculated?
Earnings Type	Dropdown + Other	No — user input
No. of Employees	Number Input	No — user input
Insurable Earnings ($)	Currency Input	No — user input
Rate (%)	Pre-populated / Editable	Pre-filled from NIS rate schedule
Contributions Payable	Currency — Calculated	Yes — Earnings × Rate / 100
TOTAL Row	All calculated	Yes — sum of all rows

Pattern 4 — Discrepancies & Payment Adjustment Block [New — 1st occurrence]

Adjusts the total amount payable by deducting prior overpayments or adding prior shortpayments. Specific to recurring monthly submission forms where prior period corrections carry forward. The calculation flow is: Total Contributions − Overpayment + Shortpayment = Total Amount Payable.

Field Name	Component	Calculated?	Notes
Less Previous Overpayment	Currency Input	No — user input	Deducted from total
Add Previous Shortpayment	Currency Input	No — user input	Added to total
Total Amount Payable	Currency — Calculated	Yes	Final remittance amount

Pattern 5 — Contribution Period Selector [New — 1st occurrence]

Year + Month selection for a monthly recurring submission. Likely to appear on all NIS employer submission forms (earnings schedules, amendments). Should include late payment detection and payment due date auto-display.

DECLARATION BLOCK

Field Name	Component	Label / Help Text	Required	Validation
Declaration Statement	Static Text	"I declare that the above information is true and correct, and the above amounts accurately represent the Insurable Earnings of ALL employees."	—	—
Authorised Signatory Name	Text Input	Label: "Name of Authorised Signatory"Help: "Your full name as the person signing on behalf of the employer"	Yes	Max 100 chars
Signatory Role / Title	Dropdown + Other	Label: "Role / Title"Options: Owner | Director | Payroll Manager | Accountant | Authorised Agent | Other	Yes	Must select one

Field Name	Component	Label / Help Text	Required	Validation
Signature	Digital Signature Pad	Label: "Signature of Employer / Authorised Signatory"With: 'Clear Signature' button	Yes	Must not be empty
Date	Date (auto)	Label: "Date"Auto-filled with submission date	Auto	Read-only
Submit Button	Button (Primary)	"Submit Certificate"	—	—

FORM COMPLEXITY ASSESSMENT

Complexity Signal	Present?
Single applicant (no looping blocks)	☐ No — Earnings & Contributions Grid is a looping block (1–6+ rows)
Looping blocks	☑ Yes — Section D grid is a repeatable earnings-type entry block
Conditional logic (IF/THEN rules)	☑ Yes — 7 rules identified (earnings type Other, overpayment validation, zero total, late submission, rate override, period confirmation, row overflow)
Branching by applicant type	☐ No — employer-only form
File uploads required	☐ No — but payroll file import (CSV/XLSX) is a recommended enhancement
Payment integration	☑ Yes — contributions payment required by 15th of following month; EZ Pay integration recommended
Auto-calculated fields	☑ Yes — Contributions Payable per row, TOTAL row, Total Amount Payable all calculated
Multi-MDA or cross-system reference	☐ No direct cross-MDA field; however Employer Reg. No. should validate against NIS employer registry
Professional vouching / approved witness	☐ No
Recurring monthly submission	☑ Yes — one D.P. 10 required per contribution month; digital service should support resubmission and history view

Overall Complexity: MEDIUM — ~18 distinct field types, looping earnings grid (up to 6+ rows), auto-calculated totals, payment integration, 7 conditional rules. Complexity uplift: recurring monthly submission pattern; auto-calculation of contributions; discrepancy adjustment carry-forward.

Notes & Edge Cases

1. This is the first employer-facing form in this analysis. All standard 'Applicant Details' blocks must be adapted to an employer/business context. The digital service should support an employer login that pre-populates Registration Number, Business Name, and Address.

2. The Earnings & Contributions Grid is the most technically complex component. The digital service should pre-populate the Rate (%) column from the current NIS contribution rate schedule and auto-calculate Contributions Payable per row as the employer enters earnings values.

3. NIS insurable earnings are subject to a monthly ceiling. The digital service should validate that Insurable Earnings per employee (Insurable Earnings ÷ No. of Employees) does not exceed the current NIS earnings ceiling. A warning (not a hard block) is recommended.

4. The Discrepancies section (Section E) requires the employer to recall prior overpayments or shortpayments. The digital service should ideally pre-populate these from prior submission records if available, reducing the risk of error.

5. The paper form is labelled 'D.P. 10' and 'P.T.O.' (Please Turn Over), indicating it is a two-sided form. The second side is not visible in the provided PDF — it may contain instructions, rate tables, or additional rows. This analysis should be updated when the reverse side is obtained.

6. The form carries a significant legal notice about contribution deadlines and penalties. The digital service must surface this notice prominently — both on the Start Page and as part of the Confirmation page showing the payment due date.

7. A downloadable PDF receipt of the submitted certificate should be provided on the Confirmation page. Employers will need this for their payroll records and for any NIS compliance audit.
