National Insurance and Social Security (NIS) — Barbados

Direct Deposit Form

Form Specification | Service Pattern Analysis

Form Metadata

Attribute	Detail
Form Name	Direct Deposit Form
MDA	National Insurance and Social Security (NIS) — Barbados
Form Code	Not specified on form
Purpose	Authorises NIS to deposit benefit payments directly into the claimant's bank account; also collects Alternate Payee details where applicable
Complexity	Medium
Estimated Time	~10 minutes
Total Fields	36 fields across 4 sections (Claimant Details, Alternate Payee Details, Financial Institution, Declaration)
Flow Type	Single Page paper form — two-sided (Personal Details + Financial Institution on front; Declaration on reverse). To be digitised as a Multi-Step Wizard.
Date Analyzed	March 16, 2026
Analyzed By	Claude (Anthropic)

ℹ This form is a paper-based two-sided document. The analysis maps every field to service pattern blocks to support a digital service build. A dual-party structure (Claimant + optional Alternate Payee) is the defining complexity of this form.

Service Pattern Pages: Applicability Check

The following pages from the Build-Ready Service Pattern Template apply to this form:

☑ 1. Start Page — REQUIRED (absent from paper form; must be created for digital service)
☐ 2. Eligibility Page — Not applicable as a standalone page; eligibility is implied (must be a valid NIS claimant)
☑ 3. Applicant Details Page — REQUIRED ✓ (Claimant: Name, Address, ID Numbers, Contact; Alternate Payee: same blocks, conditional)
☑ 4. Criteria & Entitlement Page — REQUIRED ✓ (Alternate Payee empowerment question; type of benefit)
☑ 5. Evidence-Based Questions Page — Conditional ✓ (documentation required if Alternate Payee is empowered to act)
☑ 6. External Evidence Upload Page — Conditional ✓ (relevant documentation upload if Alternate Payee = Yes)

☑ 7. Check Your Answers Page — REQUIRED (absent from paper form; must be added to digital service)
☑ 8. Payment & Submit Page — No Payment version ✓ (Declaration + Signature + Date)
☑ 9. Confirmation & Next Steps Page — REQUIRED (absent from paper form; must be created)

⚠ This form has a dual-party structure: a Claimant section and an optional Alternate Payee section that mirrors almost all of the same fields. This is the most significant structural complexity and a new emerging pattern not previously seen.

PAGE 1 — START PAGE (To Be Created for Digital Service)

Purpose: Sets expectations, explains the purpose of direct deposit, and lists what the claimant needs before starting.

Element	Recommended Content
Form Title (H1)	Set Up Direct Deposit for Your NIS Benefit
Last Updated	Last updated on [publication date]
Service Description	Use this service to authorise the National Insurance and Social Security (NIS) to pay your benefit directly into your bank account. You can also nominate an Alternate Payee to receive payments on your behalf.
Complete in One Go	You should complete this form in one go. At the moment, it is not possible to save your answers and come back to them later.
How long does it take?	It shouldn't take longer than 10 minutes.
What you will need	• Your full name and address• Your National Insurance Number• Your National Registration Number• Your TAMIS Number (if applicable)• Your email address and telephone number(s)• Your bank account details: Financial Institution name, Account Number, Branch name, Branch/Transit Number• A copy of the header from your bank statement showing your account number (not the financial details)• If nominating an Alternate Payee: their full personal details and proof they are empowered to act on your behalf
What happens after?	NIS will process your direct deposit authorisation. Your benefit payments will be deposited directly into the account you have provided. Incorrect information will delay payment.
Important Notice	Please provide a copy of the header from your financial institution which bears the account number. The part of the statement which has the financial details of your account is NOT required.
Start Button	"Start now" — green primary button

PAGE 2 — APPLICANT DETAILS: CLAIMANT (Paper Form: Left Column, Front)

Purpose: Collects all personal, address, identification, and contact details for the primary claimant. Follows standard template blocks.

Block A — Name Block ☑ Applies

Field Name	Component	Label / Help Text	Required	Validation
First Name	Text Input	Label: "First Name"Placeholder: "e.g., John"Help: ---Note: Paper form uses a single 'Full Name of Claimant' field with a secondary 'Name in full (Last Name, First Name, Middle Name) IN BLOCK CAPITALS' sub-label — digital should use standard split fields	Yes	Max 100 chars
Middle Name(s)	Text Input	Label: "Middle Name(s)"Help: "Optional. Include all middle names."	No	Max 200 chars
Last Name	Text Input	Label: "Last Name"Placeholder: "e.g., Smith"	Yes	Max 100 chars

⚠ The paper form instructs 'Name in full (Last Name, First Name, Middle Name) IN BLOCK CAPITALS' as a sub-label — this ordering convention is for paper only. The digital form should use the standard First / Middle / Last split and handle ordering in the output.

Block B — Personal Details Block ☑ Applies (Extended — TAMIS No.)

Field Name	Component	Label / Help Text	Required	Validation
National Insurance Number	Text Input (ID)	Label: "National Insurance Number"Help: "Find this on your NIS card or payslip"	Yes	Numeric; verify exact length with NIS
National Registration Number	Text Input (ID)	Label: "National Registration Number"Format: YYMMDD-XXXXHelp: "Find this on your National ID card"	Yes	Pattern: YYMMDD-XXXX
TAMIS Number	Text Input (ID)	Label: "TAMIS Number"Help: "Your Tax Administration Management Information System number. Leave blank if unknown."Note: TAMIS No. is a BRA/tax system identifier — this is a new field not in the standard template	No	Alphanumeric; max 20 chars

⚠ TAMIS Number is a Barbados Revenue Authority (BRA) tax identifier. Its presence on an NIS form is an emerging cross-MDA identification pattern. It should be tracked as a new ID field for the Personal Details Block across BRA/NIS forms.

Block C — Address Block ☑ Applies (Barbados Address Pattern — 3rd occurrence)

Field Name	Component	Label / Help Text	Required	Validation
Street Address	Text Input	Label: "Street Address"Note: Paper form has two unstructured address lines — digital should apply the standard Barbados Address Block	Yes	Max 200 chars
District	Text Input	Label: "District"Help: "Village or district name"	No	Max 100 chars — Barbados Address Block pattern
Parish	Dropdown Select	Label: "Parish"Options: Christ Church | Saint Andrew | Saint George | Saint James | Saint John | Saint Joseph | Saint Lucy | Saint Michael | Saint Peter | Saint Philip | Saint Thomas	Yes	Must select one
Postal Code	Text Input	Label: "Postal Code"Prefix: BB (pre-filled)Placeholder: "BB11000"Note: Paper form shows 'Postal Code: BB' with separate boxes — digital should auto-prefix BB	No	Pattern: BB[0-9]{5}

ℹ Barbados Address Block (Street + District + Parish + Postal Code) — 3rd confirmed occurrence across NIS Self-Employment, Central Bank Pensioner Declaration, and this form. Now qualifies for promotion to a STANDARD BLOCK.

Block D — Contact Block ☑ Applies (Extended — Landline + Mobile + Email)

Field Name	Component	Label / Help Text	Required	Validation
Email Address	Email Input	Label: "Email Address"Placeholder: "yourname@example.com"	No (currently)	Valid email format; max 100 chars — recommend Required
Telephone Number	Tel Input	Label: "Telephone Number"Format: Area Code + XXX-XXXXHelp: "Include area code"	At least one of Telephone/Cellular	Pattern: area code + [0-9]{3}-[0-9]{4}
Cellular Number	Tel Input	Label: "Cellular Number"Format: Area Code + XXX-XXXX	At least one of Telephone/Cellular	Pattern: area code + [0-9]{3}-[0-9]{4}

⚠ The paper form has both Telephone No. (with Area Code) and Cellular No. (with Area Code) as separate fields. This is the fullest expression of the Contact Block seen so far across the three forms analysed. At least one number should be required in the digital service.

PAGE 3 — CRITERIA & ENTITLEMENT (Alternate Payee Gate + Benefit Type)

Purpose: Determines whether an Alternate Payee is involved, and what type of NIS benefit the direct deposit is for. These are the two entitlement-shaping questions that control downstream fields.

Question	Component	Options	Required	Triggers Evidence?	What Is Collected
Are you nominating an Alternate Payee to receive payments on your behalf?	Radio Buttons	Yes | No	Yes	Yes (if Yes)	Full Alternate Payee Details block — see Page 4
Are you empowered to act on behalf of the claimant?(Shown to Alternate Payee)	Radio Buttons	Yes | No	Yes (if Alternate Payee)	Yes (if Yes)	Relevant documentation upload — see Page 5
Type of Benefit	Dropdown or Radio Buttons	e.g., Old-Age Pension | Sickness Benefit | Maternity Benefit | Unemployment Benefit | Invalidity Benefit | Survivors Benefit | OtherNote: Paper form has '(Type of Benefit)' as a label on the Declaration — digital should capture this explicitly here	Yes	No	Used to route payment correctly

⚠ The 'Type of Benefit' field appears only as a label placeholder '(Type of Benefit)' in the paper Declaration section. It should be promoted to an explicit required field on the Criteria & Entitlement page in the digital service to ensure correct payment routing.

PAGE 4 — ALTERNATE PAYEE DETAILS (Conditional — New Emerging Pattern)

⚑ This entire page only appears IF the claimant selects 'Yes' to nominating an Alternate Payee on the Criteria & Entitlement page. All four standard blocks (Name, Personal Details, Address, Contact) repeat for the Alternate Payee — this is a new Mirrored Party Block pattern.

Purpose: Collects the same personal, address, identification, and contact details for the Alternate Payee as are collected for the Claimant. All fields mirror the Claimant blocks.

Block A — Name Block ☑ Applies (Alternate Payee)

Field Name	Component	Label / Help Text	Required	Validation
First Name	Text Input	Label: "Alternate Payee: First Name"	Conditional (if Alternate Payee = Yes)	Max 100 chars
Middle Name(s)	Text Input	Label: "Alternate Payee: Middle Name(s)"Help: "Optional. Include all middle names."	No	Max 200 chars
Last Name	Text Input	Label: "Alternate Payee: Last Name"	Conditional (if Alternate Payee = Yes)	Max 100 chars

Block B — Personal Details Block ☑ Applies (Alternate Payee)

Field Name	Component	Label / Help Text	Required	Validation
National Insurance Number	Text Input (ID)	Label: "Alternate Payee: National Insurance Number"	Conditional	Numeric
National Registration Number	Text Input (ID)	Label: "Alternate Payee: National Registration Number"Format: YYMMDD-XXXX	Conditional	Pattern: YYMMDD-XX XX
TAMIS Number	Text Input (ID)	Label: "Alternate Payee: TAMIS Number"Help: "Optional. Leave blank if unknown."	No	Alphanumeric; max 20 chars

Block C — Address Block ☑ Applies (Alternate Payee)

Field Name	Component	Label / Help Text	Required	Validation
Street Address	Text Input	Label: "Alternate Payee: Street Address"	Conditional	Max 200 chars
District	Text Input	Label: "Alternate Payee: District"	No	Max 100 chars
Parish	Dropdown Select	Label: "Alternate Payee: Parish"Options: All 11 parishes	Conditional	Must select one
Postal Code	Text Input	Label: "Alternate Payee: Postal Code"Prefix: BB	No	Pattern: BB[0-9]{5}

Block D — Contact Block ☑ Applies (Alternate Payee)

Field Name	Component	Label / Help Text	Required	Validation
Email Address	Email Input	Label: "Alternate Payee: Email Address"	No	Valid email format

Field Name	Component	Label / Help Text	Required	Validation
Telephone Number	Tel Input	Label: "Alternate Payee: Telephone Number"Format: Area Code + XXX-XXXX	At least one of Telephone/Cellular	Pattern: area code + [0-9]{3}-[0-9]{4}
Cellular Number	Tel Input	Label: "Alternate Payee: Cellular Number"Format: Area Code + XXX-XXXX	At least one of Telephone/Cellular	Pattern: area code + [0-9]{3}-[0-9]{4}

PAGE 5 — EXTERNAL EVIDENCE UPLOAD (Conditional — Alternate Payee Empowerment)

Purpose: Allows the Alternate Payee to upload documentation proving they are empowered to act on behalf of the claimant. Only shown if 'Are you empowered to act on behalf of the claimant?' = Yes.

Document Type	Accepted Formats	Max File Size	Required
Proof of Empowerment (e.g., Power of Attorney, Court Order, Letter of Authority)	PDF, JPG, PNG	5 MB	Yes (if Alternate Payee is empowered)
Bank Statement Header (account number only — not financial details)	PDF, JPG, PNG	5 MB	Yes (all claimants)

⚠ The paper form instructs claimants to 'provide a copy of the header from your financial institution which bears the account number'. This document upload is required for ALL claimants, not just those with an Alternate Payee. It should appear on the Financial Institution page for all users.

FINANCIAL INSTITUTION BLOCK (New Emerging Pattern — Not in Standard Template)

Purpose: Collects the bank account details for direct deposit. This block does not map to any existing standard block in the template. It is a new emerging pattern likely to recur across NIS, BRA, and social services payment forms.

Field Name	Component	Label / Help Text	Required	Validation / Notes
Name(s) of Account Holder	Text Input	Label: "Name(s) of Account Holder"Help: "As it appears on your bank account. May differ from your legal name."Note: Paper form has this as a separate field above the bank table — it may differ from the claimant name (e.g., joint account)	Yes	Max 200 chars

Field Name	Component	Label / Help Text	Required	Validation / Notes
Financial Institution	Dropdown + Other	Label: "Financial Institution"Help: "Select your bank or credit union"Options: Scotiabank | Republic Bank | CIBC FirstCaribbean | Bajan Credit Union | RBC Royal Bank | Sagicor Bank | Other (specify)Note: Consider a pre-populated list of Barbados financial institutions	Yes	Must select one; if Other, free-text field required
Account Number	Text Input (ID)	Label: "Account Number"Help: "Enter your account number exactly as shown on your bank statement header"	Yes	Numeric; max 20 chars; no spaces or dashes
Name of Branch (where account was opened)	Text Input	Label: "Branch Name (Where Account Was Opened)"Help: "E.g., Broad Street, Warrens, Speightstown"	Yes	Max 100 chars
Branch / Transit Number	Text Input (ID)	Label: "Branch / Transit Number"Help: "This appears on your cheque or bank statement. Ask your bank if unsure."	Yes	Numeric; max 10 chars

⚠ The paper form presents financial institution details as a 4-column table (Financial Institution | Account No. | Name of Branch | Branch/Transit No.) with a separate 'Name(s) of Account Holder' field above it. The digital service should present these as individual labelled fields in a single Financial Institution block.

PAGE 6 — CHECK YOUR ANSWERS (To Be Created for Digital Service)

Purpose: Shows the claimant a read-only summary of all answers before submission, with Change links for corrections.

Sections to display on Check Your Answers:

- Claimant Personal Information (First Name, Middle Name(s), Last Name, NIN, NRN, TAMIS No.)
- Claimant Address (Street Address, District, Parish, Postal Code)
- Claimant Contact (Email, Telephone, Cellular)
- Type of Benefit
- Alternate Payee (if applicable — all four blocks summarised)
- Financial Institution Details (Account Holder Name, Bank, Account No., Branch, Transit No.)
- Uploaded Documents (Bank Statement Header, Empowerment Proof if applicable)

PAGE 7 — PAYMENT & SUBMIT (No Payment — Declaration Version)

Element	Detail
Payment Required?	No — this authorisation is free of charge
Declaration Statement	"I have read and understand the information on this form. I declare that the information that I have provided on this form is correct.""I hereby authorise you to deposit my payments to my/the account as stated overleaf."
Director Reference	The paper form is addressed to 'Director of National Insurance' — the digital form should display this as the recipient of the authorisation.
Claimant Name (Print)	Text Input — Label: "Your Full Name (Print)"Note: Paper form has 'Name in full (Last Name, First Name, Middle Name) IN BLOCK CAPITALS' on the declaration — digital should auto-populate from earlier entry with a confirmation field
Claimant Address (Print)	Text Input — Label: "Your Address"Note: Paper form includes address on declaration — auto-populate from earlier entry
Claim Number	Text Input (read-only or internal) — Label: "Claim Number"Note: Paper form has a 'Claim No.' field in the 'For Internal Purposes Only' box — this is an admin field populated by NIS staff, not by the claimant. Should be hidden from the public-facing form or shown as read-only post-submission.
Claimant Signature	Digital Signature Pad (canvas-based) with Clear button
Date	Auto-filled with submission date (read-only)Format: YYYY-MM-DD (paper form shows Year-Month-Day)
Submit Button Text	"Submit Authorisation"

PAGE 8 — CONFIRMATION & NEXT STEPS (To Be Created for Digital Service)

Element	Recommended Content
Success Message	"Your direct deposit authorisation has been successfully submitted to NIS."
Reference Number	DD-[YEAR]-XXXXXXXX (e.g., DD-2026-00001234)
Expected Timeline	"Your direct deposit will be set up within [X] working days. Your next eligible payment will be deposited directly into your account."
Next Steps	NIS will verify your bank account details with your financial institution. If there is an issue with the information provided, you will be contacted. Incorrect information will delay your payment.
If Changes Needed	"Contact NIS at (246) 431-7400 or customer.service@bginis.gov.bb if your bank account details change."
Contact Information	NIS — National Insurance and Social Security(246) 431-7400 | (246) 467-4NIScustomer.service@bginis.gov.bbFrank Walcott Building, Culloden Road, St. Michael, Barbados

CONDITIONAL LOGIC

Condition (IF)	Action (THEN)
IF Alternate Payee = 'Yes'	THEN show full Alternate Payee Details page (Page 4) — Name Block, Personal Details Block, Address Block, Contact BlockHide if 'No'
IF Alternate Payee is empowered to act on behalf of claimant = 'Yes'	THEN show Evidence Upload page (Page 5) for Empowerment Documentation
IF Financial Institution = 'Other'	THEN show free-text field: "Please specify your financial institution"
IF Claim Number is submitted by NIS staff (internal)	THEN auto-populate Claim No. field; hide from public-facing form until assigned
IF Type of Benefit = 'Other'	THEN show free-text field: "Please describe the benefit type"

EMERGING PATTERNS & REUSABLE BLOCKS

Pattern 1 — Barbados Address Block [PROMOTED TO STANDARD — 3rd occurrence]

☑ **Now confirmed across 3 forms: NIS Self-Employment Registration, Central Bank Pensioner Declaration, and NIS Direct Deposit. Street Address + District + Parish + Postal Code (BB prefix) should be promoted to a STANDARD BLOCK in the template.**

Pattern 2 — Mirrored Party Block [New — 1st occurrence]

The Alternate Payee section mirrors all four Applicant Details blocks (Name, Personal Details, Address, Contact) for a second person. This pattern is likely to appear in any form where a proxy, guardian, attorney, or representative can act on behalf of the primary applicant. Should be tracked across NIS, BRA, and social services forms.

Field Group	Mirrored From	Conditional On	Notes
Alternate Payee: Name Block	Claimant Name Block	Alternate Payee = Yes	Same 3 fields
Alternate Payee: Personal Details Block	Claimant Personal Details Block	Alternate Payee = Yes	NIN + NRN + TAMIS No.
Alternate Payee: Address Block	Claimant Address Block	Alternate Payee = Yes	Street + District + Parish + Postal Code
Alternate Payee: Contact Block	Claimant Contact Block	Alternate Payee = Yes	Email + Telephone + Cellular

Pattern 3 — Financial Institution / Direct Deposit Block [New — 1st occurrence]

Account Holder Name, Financial Institution, Account Number, Branch Name, and Branch/Transit Number form a reusable payment routing block. Likely to recur across NIS benefit forms, BRA refund forms, and any government service requiring bank account registration for direct payment.

Field Name	Component	Required	Notes
Name(s) of Account Holder	Text Input	Yes	May differ from applicant legal name
Financial Institution	Dropdown + Other	Yes	Pre-populate with Barbados institutions
Account Number	Text Input (ID)	Yes	Numeric; max 20 chars
Branch Name	Text Input	Yes	Where account was opened
Branch / Transit Number	Text Input (ID)	Yes	Routing number for payment processing

Pattern 4 — TAMIS Number Field [New — 1st occurrence]

The TAMIS (Tax Administration Management Information System) number appears as an identification field on this NIS form, creating a cross-MDA identifier link between NIS and the Barbados Revenue Authority (BRA). Should be tracked as a new ID field candidate for the standard Personal Details Block when it appears in a second form.

Pattern 5 — Internal Reference Number (Claim No.) [New — 1st occurrence]

The 'Claim No.' field is marked 'For Internal Purposes Only' and is not filled by the claimant. This pattern — a system-assigned reference number present on the paper form but not entered by the user — should be handled as a hidden admin field in the digital service, populated post-submission and surfaced on the Confirmation page as the reference number.

DECLARATION BLOCK

Field Name	Component	Label / Help Text	Required	Validation
Declaration Statement	Static Text	"I have read and understand the information on this form. I declare that the information that I have provided on this form is correct. I hereby authorise you to deposit my payments to my/the account as stated."	—	—
Claimant Full Name (Print)	Text Input (auto-populated)	Label: "Your Full Name (Print)"Auto-populated from entry; editable for confirmationFormat: Last Name, First Name, Middle Name	Yes	Auto-filled; confirm matches entry
Claimant Address (Print)	Text Input (auto-populated)	Label: "Your Address"Auto-populated from entry	Yes	Auto-filled
Claimant Signature	Digital Signature Pad	Label: "Your Signature"With: "Clear Signature" button	Yes	Must not be empty

Field Name	Component	Label / Help Text	Required	Validation
Date	Date (auto)	Label: "Date"Format: YYYY-MM-DDAuto-filled with submission date	Auto	Read-only
Submit Button	Button (Primary)	"Submit Authorisation"	—	—

FORM COMPLEXITY ASSESSMENT

Complexity Signal	Present?
Single applicant (no looping blocks)	☐ No — dual-party structure (Claimant + optional Alternate Payee)
Looping blocks	☐ No
Conditional logic (IF/THEN rules)	☑ Yes — 5 rules identified (Alternate Payee gate, empowerment gate, institution Other, benefit type Other, internal Claim No.)
Branching by applicant type	☑ Yes — Claimant only vs. Claimant + Alternate Payee
File uploads required	☑ Yes — Bank statement header (all) + Empowerment documentation (conditional)
Payment integration	☐ No
Multi-party data entry	☑ Yes — Claimant AND Alternate Payee both complete a full personal details set
Multi-MDA routing (TAMIS = BRA cross-reference)	☑ Yes — TAMIS No. links NIS form to BRA tax system
Professional vouching / approved witness	☐ No
Technical specifications required	☐ No — but bank account validation (account no. format, branch/transit no.) is required

Overall Complexity: MEDIUM — 36 fields, 5 conditional rules, dual-party structure, 2 document uploads. Complexity uplift: Alternate Payee mirroring doubles the personal details section; cross-MDA TAMIS identifier; internal Claim No. admin field.

Notes & Edge Cases

1. This is a two-sided paper form. The digital service should present it as a 4-step wizard: (1) Claimant Details + Benefit Type, (2) Alternate Payee Details (conditional), (3) Financial Institution + Document Upload, (4) Declaration — followed by Check Your Answers and Confirmation.

2. The Alternate Payee section is the most structurally complex aspect: it repeats all four standard Applicant Details blocks for a second person. The Mirrored Party Block pattern should be formally documented for reuse.

3. 'Name(s) of Account Holder' on the Financial Institution block may differ from the claimant's legal name (e.g., a joint account). The digital form should not auto-populate this from the claimant name — it must be entered separately.

4. The TAMIS Number field links this NIS form to the BRA tax system. Its inclusion should be confirmed with both NIS and BRA to ensure the field validation and format are agreed. It may become a standard cross-MDA identifier on all government benefit forms.

5. The 'Claim No.' field is for internal NIS use only and should be hidden from the public-facing digital form. It should be system-generated post-submission and surfaced as the reference number on the Confirmation page.

6. The paper form includes a pre-printed note: 'Please provide a copy of the header from your financial institution which bears the account number. The part of the statement which has the financial details of your account is not required.' This important instruction must be prominently displayed before the document upload step in the digital service.

7. The Declaration on the reverse of the paper form is addressed to the 'Director of National Insurance'. The digital service should retain this formality — consider displaying it as a formal authorisation letter on the Declaration page with the Director's title as the recipient.
